sixteen clubs. one campus.
the college of communication & information

Ad Club
Become aware of opportunities in the advertising field, earn scholarships and travel to industry conferences.

AITP
Gain access to elite networks of IT professionals, educators, and students. Enhance your professional growth, leadership, and the exploration of issues that face the IT industry.

ALA: American Library Association
ALA was created to facilitate and encourage participation in ALA, to increase awareness and use of the resources of the ALA, including networking for students in the LIS program.

COG: Community Outreach Group
Community Outreach Group, connects FSU to the local community through service and encourages volunteers to take on service leadership roles within C.O.G. and community organizations.

CCI Student Leadership Council
Serve as a liaison group between the student body, the Dean and alumni of the College of Communication & Information at Florida State University.

Communication Graduate Student Association
The Communication Graduate Student Association encourages professional advancement for communications graduate students through support in academia and career decisions.

Cybersecurity Club
Advance your technical skills and knowledge in cybersecurity through various national and international events.

FPRA: Florida Public Relations Association
Develop professionally, network with industry professionals and acquire the skills to become PR professionals.

FSU Forensics
Get the instruction and setting necessary to develop stronger communication skills through participation with a nationally competitive traveling squad.

Lambda Pi Eta Honors Society
Lambda Pi Eta Honor Society supports the professional development, interests and academic pursuits.

NSSHLA
This SCSD group allows you to gain access to opportunities for students and professors to network and address current issues relevant to the fields of speech-language pathology and audiology.

STARS Alliance
Join an elite group of students leaders in the field of IT. Help with recruiting, bridging, and graduating students from the underrepresented groups.

THT: Transfers Helping Transfers
Be a mentor or get a mentor. Students and new transfer students join to facilitate a smoother transition to FSU.

WIC: Women in Communication
WIC connects you to professional networks and champions the advancement of women in all communications disciplines.

WISE: Women in IT Sharing Experiences
Women in IT Sharing Experiences is a peer mentoring initiative designed to increase the participation of women and minority students in computing related fields.

WVSF Radio
Volunteer to learn about radio station operations. Cattle Calls are held at the beginning of each semester.
